TIPS/ATTENTION

1. When take airplane

Due to the change of high air pressure, there is a possibility of a small amount of smoke oil leakage, please try to keep the vape pod and important items separately.

2. Condensate treatment

Due to the change of high air pressure, condensate (non-leakage) may occur during use. You can hear a "grunt" sound when smoking. You can remove the vape pod to clear. If there is still smoke oil after cleaning, please contact customer service as soon as possible processing.

1. This product should be stored in a cool place, avoiding strong light environment, and avoid contact with children.

2. Please use it reasonably according to your smoking situation. If you feel unwell, please stop using it immediately.

3. Do not use the following people: those who are allergic to alcohol, heart disease patients, high blood pressure patients, patients with respiratory diseases, minors, pregnant and lactating women.

DEFENDER PLAN
Use by minors is strictly prohibited

This product contains nicotine, which is an addictive chemical. Minors are not allowed to use, non-smokers are not recommended to use this product.
